

CITY OF NEW BERN
Street Lighting Service
Schedule 32-B
(Residential Subdivision)

AVAILABILITY

This Schedule is available for service supplied in the lighting of residential dedicated public streets by means of mercury vapor or sodium vapor lighting units installed within residential subdivisions, consisting of single or duplex dwelling units, located outside the corporate limits of a municipality at the time of the installation. This Schedule is not available to supply service for the lighting of parking lots, shopping centers, other public or commercial areas within the residential subdivision, or areas not specifically provided for by the provisions herein.

SERVICE

The service supplied by City will include the installation of a street lighting system, according to City's standards and requirements, which will be owned, maintained, and operated by the City, including the furnishing of the electricity required for the illumination of the lamps from dusk to dawn. Lighting units will be located by City to provide the most uniform lighting possible in the residential area. The lumen ratings of the lighting units furnished under the monthly rate indicate the class of lamp.

The developer shall supply the City of New Bern with an executed copy of the Restrictive Covenants requiring a monthly payment for street lights.

The developer shall open a street lighting account and sign a standard lighting contract with the City of New Bern.

The developer shall pay for all street lights per City of New Bern Schedule 32-B until an active permanent residential electric service account is established or until 90% of the lots have an active permanent residential electric service account established.

All street lights shall be made operational once the electric system is energized, at which time the developer will become responsible for a monthly payment to the City of New Bern per the City of New Bern Street Lighting Service Schedule 32-B.

MONTHLY RATE

The following amount will be added to each monthly bill rendered for residential electric service within the subdivision:

Overhead Distribution Area

Bracket-mounted, enclosed luminaire on approved wood pole

1 light per 10 customers or major fraction thereof	
7,000 lumen mercury vapor	\$1.47 per customer
9,500 lumen sodium vapor	\$1.47 per customer
1 light per 5 customers or major fraction thereof	
7,000 lumen mercury vapor	\$2.94 per customer
9,500 lumen sodium vapor	\$2.94 per customer

Underground Distribution Area

Bracket-mounted, enclosed luminaries on approved wood pole

1 Light per 10 customers or major fraction thereof	
7,000 lumen mercury vapor	\$2.09 per customer

1 Light per 10 customers or major fraction thereof	
7,000 lumen mercury vapor	\$2.38 per customer
9,500 lumen sodium vapor	\$2.38 per customer
1 Light per 6 customers or major fraction thereof	
7,000 lumen mercury vapor	\$3.99 per customer
9,500 lumen sodium vapor	\$3.99 per customer

ANNEXATION CONSIDERATION

If any of the following conditions exist, the developer of the subdivision will be required to obtain from the municipal governing agency its written approval of the street lighting service being provided under this Schedule and the number and location of the lights to be installed.

1. The subdivision abuts a boundary of the municipality.
2. It is known that the subdivision will be annexed into the municipality.

3. The municipal governing agency has enacted a subdivision control ordinance that applies to the subdivision or any portion thereof.

If the subdivision is subsequently annexed and the municipality accepts the street lighting under a street lighting service contract on the rate for the equivalent lighting unit, the following will apply:

1. Overhead Distribution. If the municipality accepts the street lighting service under Street Lighting Service Schedule, no monthly customer charge will be applied to the subdivision residents.
2. Underground Distribution. If the municipality accepts the street lighting service under Street Lighting Service Schedule and agrees to pay the contribution under the Schedule for the street lighting system, no monthly customer charge will be applied to the subdivision residents.

If the subdivision is subsequently annexed and the municipality does not accept the installed street lighting under a street lighting service contract, the service will continue to be provided under this Schedule with the applicable monthly charge.

Effective for service rendered on and after July 1, 2008.
