FRANK PALOMBO
CHIEF OF POLICE
(252) 672-4190

New Bern Police Department

TO: Interim Chief John West, New Bern Police Department

FROM: Lieutenant Chandler Powell, Special Investigations Section Commander

SUBJECT: Intelligence Unit Annual Crime Report Year 2010

DATE: August 22, 2011

The purpose of the New Bern Police Department Crime Analysis Unit is to collect, collate, analyze, and distribute data relating to Part I crimes. This data affects all aspects of our law enforcement community and is vital to the effectiveness of the different units within the police department.

According to Policy 110.04: An annual report shall be prepared by each Division Commander or their designee. This report may be a summary of the monthly reports and should provide comparative data and statistics. The report shall be submitted to the Office of the Chief of Police by January 31 of each year.

In compliance with policy the Criminal Intelligence Unit has formulated a Crime Analysis report for the Command Staff. Upon approval the Crime Analysis Report will be distributed to command staff, management staff, supervisory staff, and/or departmental units affected by these results.

The New Bern Police Department Crime Analysis report had been formulated to provide intelligence information concerning criminal activities to the officers of New Bern Police Department.

The report has been broken down into three separate parts:

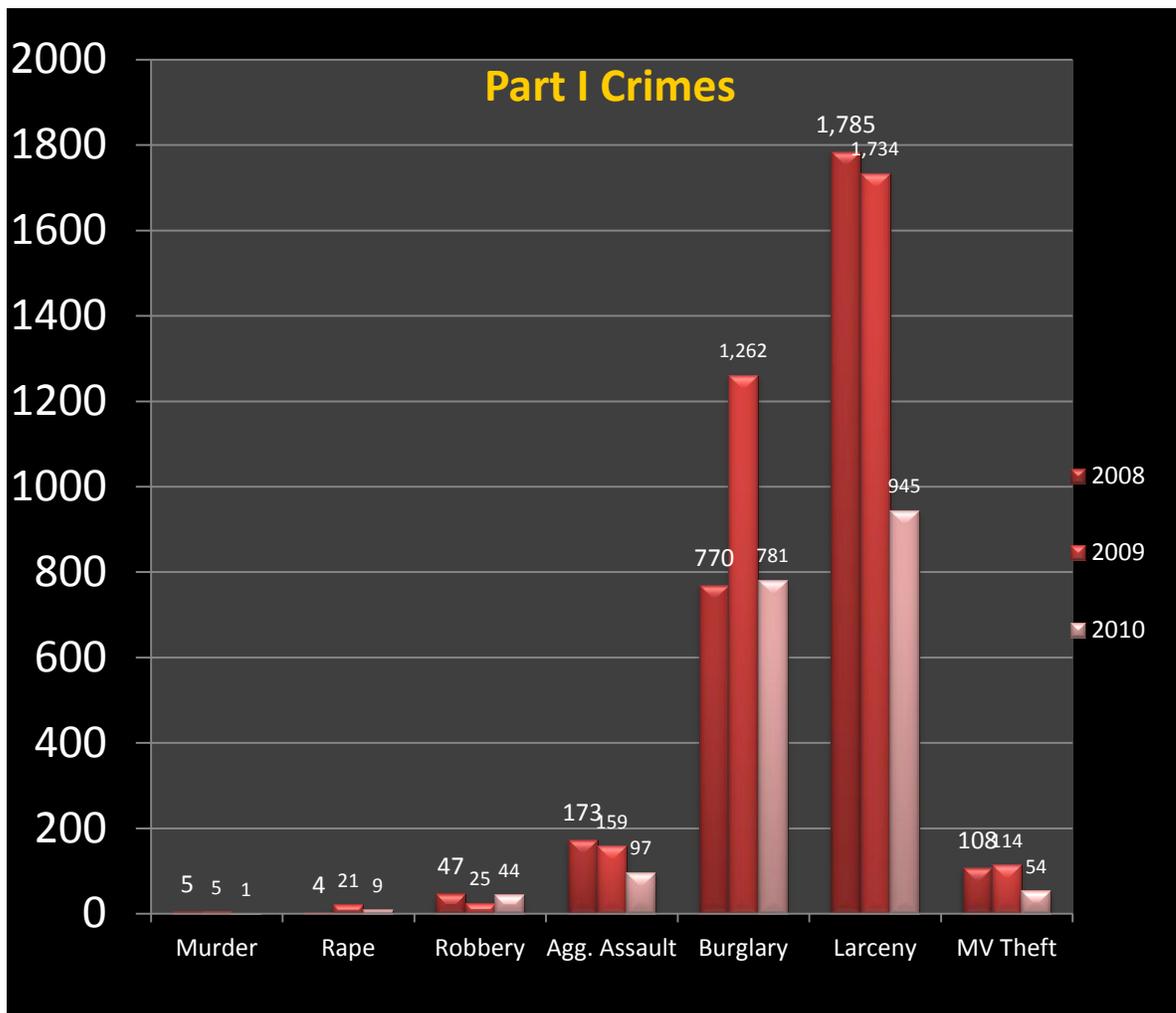

Part- I is a comparison graph that denotes the total Part I crimes that occurred in the year 2008 through 2009 and 2010. Also, statistical data chart was formulated by zone to determine areas of focus for our agency.

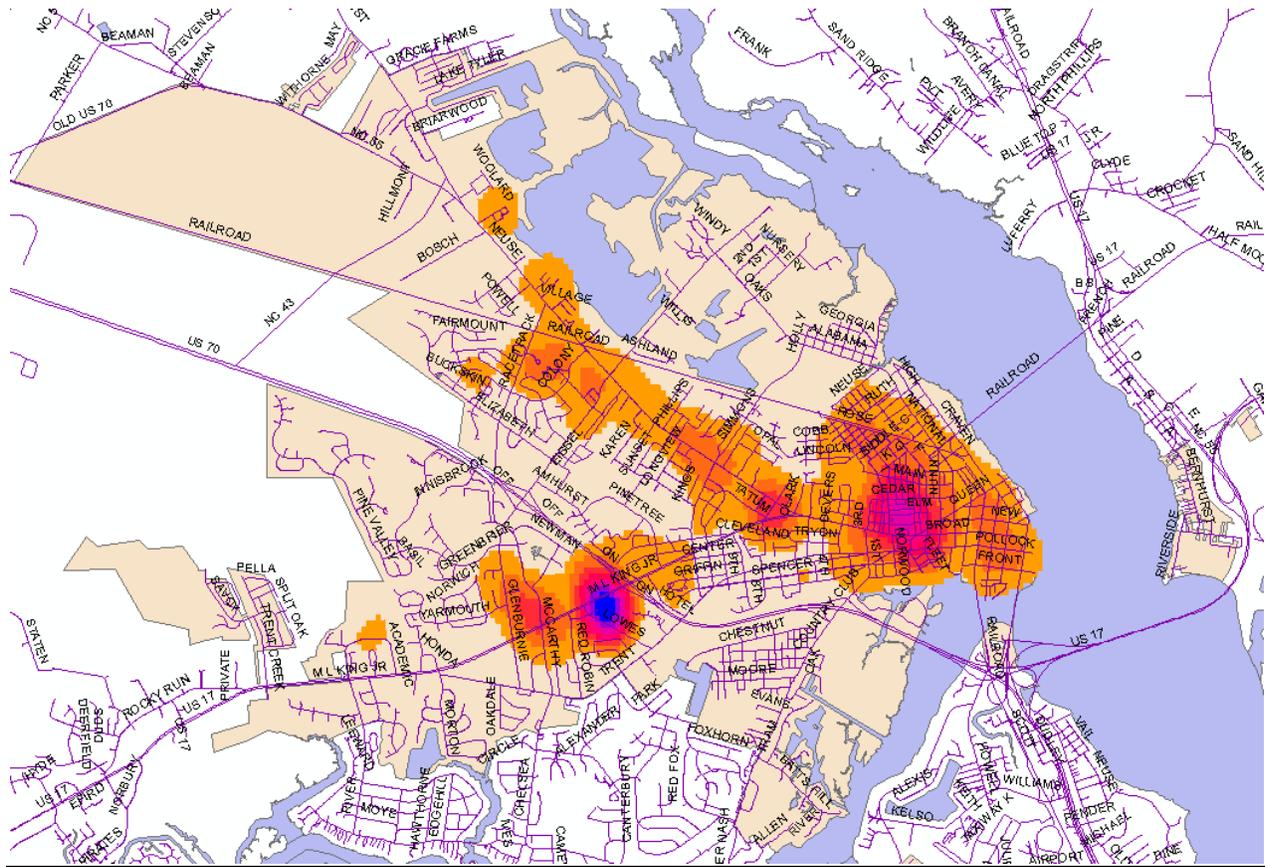

Part- II is a chart of Case Closure Rates from 1999-2010 for NBPD and 1999-2009 for the Nation.

Part- III is a data analysis of the Part I Crimes and identifies the most significant crimes that occurred during the 2010 year.

Part- IV are the Part I crime arrest that occurred during 2010.

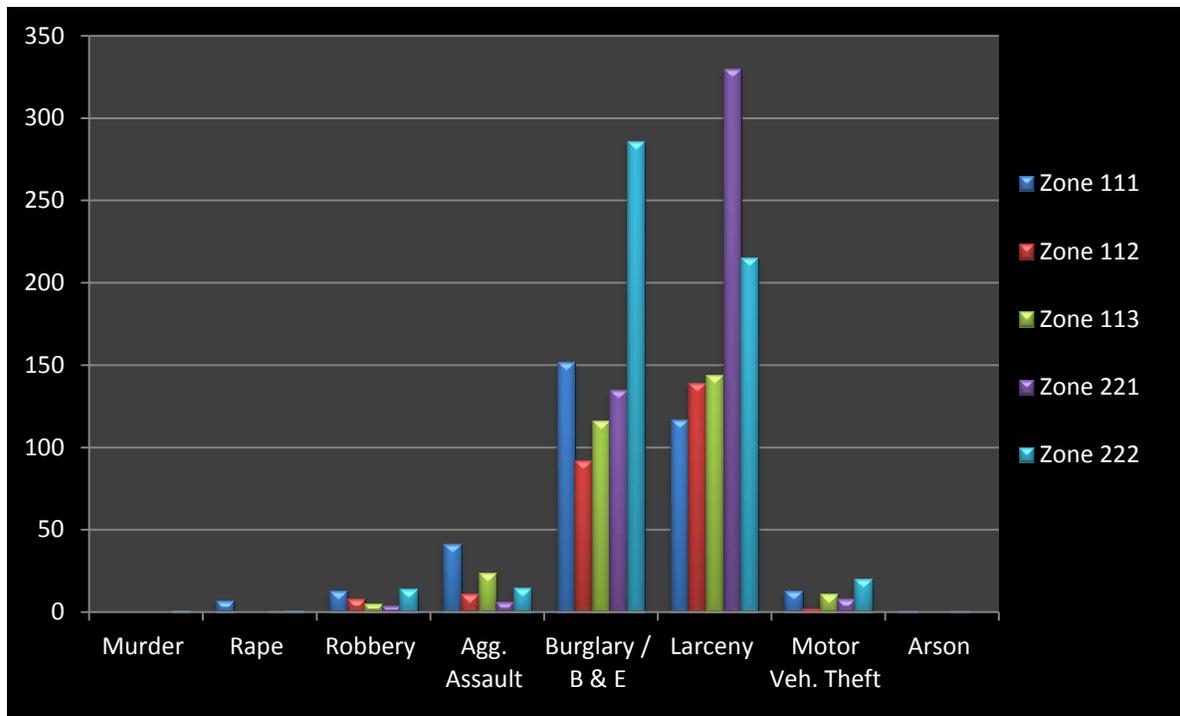

Part I

Part 1 Crimes By Zone (01/01/2010 – 12/31/2010)

	<u>Zone 111</u>	<u>Zone 112</u>	<u>Zone 113</u>	<u>Zone 221</u>	<u>Zone 222</u>	<u>TOTAL</u>
Murder					1	1
Rape	7			1	1	9
Robbery	13	8	5	4	14	44
Agg. Assault	41	11	24	6	15	97
Burglary / B & E	152	92	116	135	286	781
Larceny	117	139	144	330	215	945
Motor Veh. Theft	13	2	11	8	20	54
Arson	1			1		2
Total	344	252	270	485	552	1933

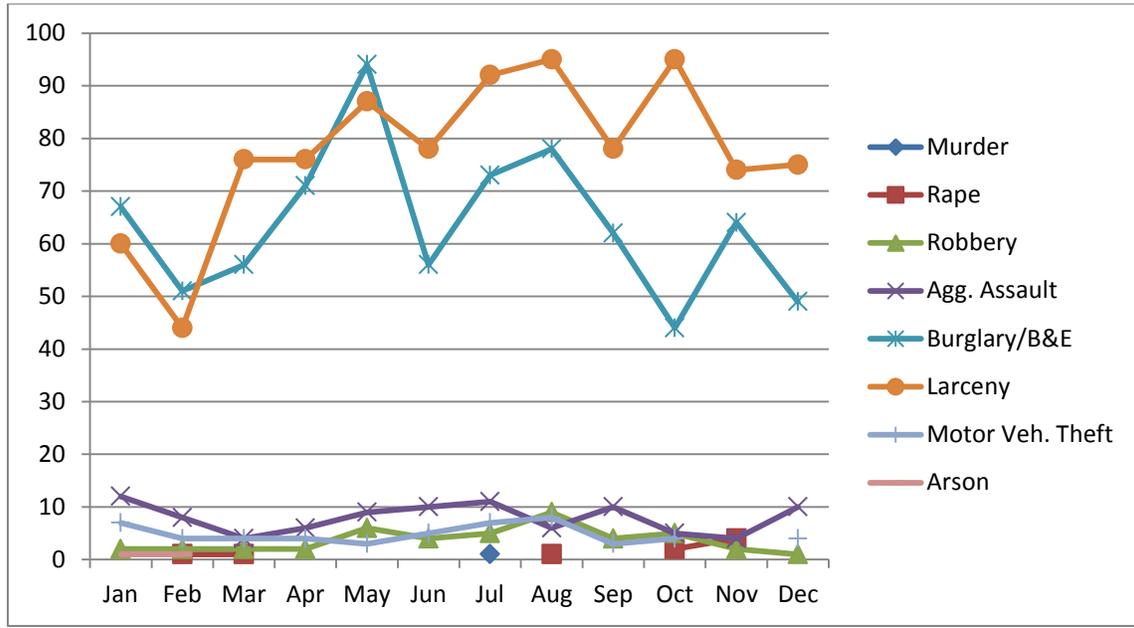

Analyst Notes

NOTE: Violent crime includes Murder, Rape, Robbery, and Aggravated Assault. From 2009 to 2010, New Bern experienced a decrease in the number of reported violent offenses, down 28 percent from 210 reported offenses in 2009 to 151 in 2010.

Property crime includes Burglary, Larceny, and Motor Vehicle Theft and Arson. From 2009 to 2010, New Bern has had a significant decrease in both the number (43%, from 3,111 offenses in 2009 to 1,782 in 2010) of reported Property offenses.

Part 1 Crimes Jan-Dec 2010

**1999-2007 Crime Statistics Gathered from
<http://crimereporting.ncdoj.gov/Reports.aspx>
North Carolina Department of Justice**

Analyst Notes:

According to the crime data for the year 2009 we had a large increase in Property, with large increases in B&Es and Motor Vehicle Thefts. This led to a much lower Case Closure Rate in comparison to previous years. Contributing factors to this trend in 2009 could be high unemployment and a bad economy. As seen by the 2010 crime data, the total number of Property Crimes decreased to normal levels and our closure rate more than doubled.

Part III

The following information was compiled by the Intelligence Unit Detective which includes a data analysis of the Part I Crimes. Also, included are the most significant crime events reported for the year of 2010.

Analyst Comments

Breaking and Entering

For the 2010 year Breaking and Entering cases were spread evenly throughout Districts 1 and 2. District 1 had 48% of the cities B&Es while District 2 had 52%. The real deviation came from within the districts themselves.

In District 1, Zone 111 had 42% of the B&Es while Zone 112 had 26% and Zone 113 had 31%.

For Zone 111 70% were residential B&Es, 22% were vehicle, and 8% were business.

For Zone 112 44% were vehicle B&Es, 34% were residential, and 22% were business.

For Zone 113 44% were vehicle B&Es, 37% were residential, and 19% were business.

In District 2, Zone 222 had 75% of the B&Es while Zone 221 had only 25%.

For Zone 221, 57% were vehicle B&Es, 27% were business, and 16% were residential.

For Zone 222, 43% were vehicle B&Es, 38% were residential, and 19% were business.

Analyst Note

The above data should help patrol officers in each zone focus more towards a specific type of B&E based on the statistics provided. Officers can develop a strategy to better protect against the types of B&Es occurring in their zone.
