

CITY OF NEW BERN
Extra Facilities Charges - Generation
Schedule 70

AVAILABILITY

Service under this rider is intended to be in conjunction with the City of New Bern (“City”) Applicable Rate Schedules MGS CP 12, LGS Declining-CP 6 and LGS CP 13. This rider is available for parallel operation of City-owned, -operated and -maintained generation systems located on the customer’s premises for the purpose of demand reduction during load management periods. This rider is to be used in conjunction with the provisions of a Generation Agreement with the City.

This rider is available on a first-come, first-serve basis provided that the aggregate capacity of all the recognized generators operating on the City’s system shall not exceed the City of New Bern’s generation allocation as required by the North Carolina Eastern Municipal Power Agency policy. If a customer’s proposed installation results in exceeding the aforementioned threshold, the Customer will be notified that service under this rider will not be allowed.

MONTHLY CHARGES

Existing City-Owned Generator

Based on Generator Nameplate Rating:

kW Capacity Rating	\$3.00 per kW
--------------------	---------------

New City-Owned Generator

All new generator installations or new replacement generator installations shall be billed in accordance with the City of New Bern Customer Service policies for “Extra Facilities” under Schedule 70.

CONTRACT PERIOD

Service will be provided under this rider only after a generation agreement is executed including special terms and conditions for the customer’s requirements, if any, which are satisfactory to the City.

GENERAL

Service rendered under this rider is subject to the provisions of the City’s Service Regulations and any changes therein, substitutions therefore, or additions thereto lawfully made.

Effective for bills rendered on and after April 1, 2016.
